CITY GOVERNMENT.

ORGANIZATION OF CITY GOVERNMENT.

Keene, Tuesday, January 5, 1915.

The members of the city government for the municipal year of 1915, having met for organization, agreeably to the provisions of the city charter, the convention was called to order by Hon. Frederic A. Faulkner, at ten o'clock in the forenoon, after which he announced that Herbert E. Fay, having been officially notified of his election to the office of mayor for the current municipal term, was present for the purpose of taking the oath of office. The oath of office by law prescribed was administered to the mayor-elect, Herbert E. Fay, by Hon. Frederic A. Faulkner, who then introduced him to the aldermen and councilmen and to the citizens who were present.

After roll-call by the clerk, His Honor Mayor Fay administered the oath of office to the following named members of the boards of aldermen and councilmen, to wit:

BOARD OF ALDERMEN.

- Ward 1.—Harry C. Tiffin.
- Ward 2.—William H. Ryder.
- Ward 3.—Fred C. Nims.
- Ward 4.—Karl R. Beedle.
- Ward 5.—Joseph Madden.

BOARD OF COMMON COUNCIL.

- Ward 1.—John H. Simpson.
Luther B. Randall.
Earl W. Capron.

Ward 2.—George W. Sargent.
George H. Eames, Jr.
Theodore P. Barton.

Ward 3.—Harry B. Muchmore.
Albert A. Alger.
Charles H. Howard.

Ward 4.—Richard M. Faulkner.
Edwin A. Ellis.
Wilder F. Gates.

Ward 5.—William E. Sweeney.
Patrick H. Conley.
Charles A. Robinson.

Prayer was then offered by the Rev. William O. Conrad. After the prayer Mayor Fay delivered his inaugural address.

After the prayer and inaugural address Frank H. Whitcomb was elected clerk and Albert W. Green city messenger, and the councils then adjourned until 7.30 o'clock.

At 7.30 o'clock in the evening the common council organized by the choice of George W. Sargent as president and Herbert O. Wardwell clerk.

THE MAYOR'S ADDRESS.

Gentlemen of the City Councils and Citizens:

Today marks the closing of the old year and the beginning of the new for the city councils of Keene. And I wish at this time to express to those present, and to all the citizens of Keene, my hearty thanks for all the many kindnesses, thoughtful consideration and cooperation shown to the retiring city councils during the year just passed and to ask for a large degree of like helpfulness and support during the year upon which we are now entering.

During the past year the city has greatly improved West street by the laying of brick paving and concrete curbing from St. James street to Island street. It has improved our water system by the laying of a 12-inch main from the school house on Marlboro street to Eastern avenue; also several other short extensions which have added to the efficiency of our water system.

During the past year the city has adopted the meter system for the distribution of water for domestic purposes in place of the old rate system, which has been in use since the water system was first installed. This change I believe will result in a large saving of water and relieve the city from any necessity of providing a larger water supply or materially increasing the capacity of our sewerage system for many years, both of which

were inevitable if we were to continue to waste water in the way we have been doing for the past few years. And I am confident the cost of water to the consumer under the meter system will not be materially increased after we become accustomed to the new arrangement.

Within the past year the city has added the sewerage system to the water department, so that in the future the expenses for the maintenance and construction of sewers will be paid for out of the receipts of that department.

Extensive repairs were made necessary at the fire station because of the fire of May 29, which seriously damaged the building, and the second floor has been almost entirely remodeled, giving much better accommodations for the use of the department than ever before. A fire-proof room has also been added to the main building for the fire alarm system, thereby removing the danger of having it damaged or destroyed by either fire or water.

The financial condition of the city has slightly improved during the past year, so far as the balance of liabilities over assets is concerned, the treasury showing a deficit Dec. 1st, 1914, of \$14,415.30 as against \$19,997.31 Dec. 1st, 1913; a reduction of \$4,417.99. Last year the city paid the over-draft of \$7,168.01 on the Cheshire National bank, which was due at the close of the last fiscal year; also, water bonds, \$10,000; paving bonds of 1910, \$3,000; land and improvement bonds of 1913, \$3,000; highway construction bonds of 1913, \$5,000; a total of \$21,000. \$34,000 of new 4% bonds have been issued, \$10,000 for water meters and installing same and \$24,000 paving bonds for the paving and concrete curbing laid on West street, making the city's total bonded debt \$89,000, an increase during the year of \$13,000. And, while I regret this increase, yet, in the judgment

of the city councils of 1914, they were more than justified in their action in the matter by the demand for permanent improvements on West street, and the necessity of changing from the old system of water rates to the meter system and installing the same.

The city has borrowed on notes during the year, \$105,000; \$75,000 of which has been paid, leaving \$30,000 now outstanding, with \$26,439.60 cash in the city treasury for a working capital instead of an over-draft of \$7,168.01 at the beginning of the year. And while the total indebtedness of the city, including bonds and notes outstanding and other liabilities, not including water bonds, is \$123,423.54, with assets of \$59,426.23, is not large for a city the size of Keene, yet the city has been seriously handicapped during the past year, because of the lack of necessary funds in the treasury for a working capital. And for this reason the finance committee of 1914 have recommended an appropriation of \$10,000 to be raised by taxation and applied in part payment of the floating debt.

In the annual city report of 1914, you will see under the head "estimated expenses for 1915" that a much larger sum is recommended than usual, but the finance committee being guided in their estimates by the actual expenses incurred by the city during the past year, and the necessity of paying off a part of the floating debt, have thought it better to appropriate at the beginning of the year a sum reasonably sufficient for the needs of the city, having that amount raised by taxation, rather than to appropriate a smaller sum and be obliged to borrow money in order to add to the several appropriations during the year.

At this time I wish to urge upon the superintendents and joint standing committees the necessity of so planning the work and expenses of their several departments that the outlay may

be kept well within the appropriations made at the beginning of the year. This, I am well aware, will require careful supervision and rigid economy—two principles that should always receive careful consideration in conducting all city affairs. Gentlemen of the city councils, I am well aware that the taxpayers of the city are alarmed at the seeming recklessness of the finance committee of the retiring city government in recommending appropriations for the coming year, amounting to \$103,478.44, and that \$100,000 should be raised by taxation. It is appalling, and I admit it. But let me briefly state some of the larger items that must be paid this year, not including the \$10,000 water bonds due Oct. 1.

July 1st, there will become due \$3,000 paving bonds of 1910 and \$3,000 land and improvement bonds of 1913; and Sept. 1st, \$5,000 highway construction bonds of 1913. There is now past due \$26,000 of the 1914 Union school district appropriation and \$7,000 of the 1914 Cheshire county tax. There are outstanding notes for \$30,000. Outstanding city orders for \$133.60 and a balance due the water and sewer department of \$597.83, making a total of \$74,231.43. If the recommendations of the retiring finance committee are adopted and \$10,000 applied to the floating debt, it will require \$85,231.43 in addition to the amount required to meet the necessary expenses of the current year. To the mayor and other members of the retiring finance committee it seemed best, that, in as much as at least \$74,000 of the debts of the city, which must be met this year, are for improvements made in previous years, and now partly worn out, and for expense accounts handed to the city government of 1914 for payment which they were unable to pay, partly because of the reduction in the rate of taxation, that it is high time that something should be done to provide the city with

sufficient funds to pay in part at least for the goods that we have already bought.

At the last session of the legislature chapter 76, section 3 of the Public Statutes was amended so that after April 1st, 1915, towns are to be held liable for damages to persons travelling with a loaded carriage upon our highways, unless the load exclusive of the carriage, exceeds 10 tons. This act will make it necessary for the city to expend from 10 to 20 thousand dollars in the repairs and rebuilding of our bridges, if we are to escape liabilities from any accident to heavily loaded carriages; for according to the report made by our city engineer and the joint standing committee on highways a large proportion of our bridges are not sufficiently strong to safely carry loads of ten tons each. This subject will require your careful consideration and definite action.

The legislature of 1913 passed an act, chapter 158 of Session laws of 1913, providing for the laying out and building what is known as the "South Side Road" from Tucker's bridge in the town of Walpole, through Acworth and Keene, to a point on the Merrimack Valley road in Nashua, thence through Manchester and other towns to the "East Side Road" in Portsmouth, the state paying for one-half of the expense. Our part of this road which should be built this year, extends from Baker street to the Marlboro town line, and the state engineer recommends for this work a waterbound gravel road with a native broken granite top well rolled and covered with a tar preparation, one-half gallon to the square yard. City Engineer Wadsworth and the joint standing committee on streets estimate this work to cost \$13,000, one-half of which may be paid by the state, and they recommended in their report to the city councils of 1914, an appropriation of \$6,000 for this purpose.

The repairing of city hall stage and the furnishing of new scenery to replace the old and dilapidated property now in use will no doubt come before you for consideration.

For two years at least there has been a desire on the part of some members of the former city councils and others for the city to purchase an automobile triple combination fire truck, and I fully realize that such a piece of apparatus might be of great use to the city in case of a large fire or when a fire is located at a long distance from the station. But as the first cost would be a large expense and necessitate a very material increase in the annual expenses of the department, I cannot recommend the purchase of such a truck this year, for I believe the city is reasonably well equipped with efficient apparatus and that the low state of the treasury prohibits such an expenditure.

During the past summer and fall there was unmistakable evidence that the elm beetle had made its arrival in Keene and had commenced its destructive work upon our beautiful elm trees, chiefly on Main and West streets, and it may be necessary for you to decide what method should be adopted to control and if possible exterminate this pest from our midst. During the past two years the city has expended about \$2,500 in pruning and otherwise caring for our shade trees, with, as I believe, very satisfactory results; which work I think should be continued, doing a little each year, thereby increasing the beauty and prolonging the life of trees that are the pride of our city.

Last summer there was started and maintained by private subscriptions a children's playground, which from every point of view seemed to be a success. Many of our citizens are interested in this plan, which is being rapidly adopted by many

cities the size of Keene, and many feel that the time has come for Keene as a city to take up this work for the benefit and moral uplift of our children. Without doubt you will be asked to consider this question, and there will be other plans and schemes presented for beautifying our city and adding to the comfort and convenience of our citizens—all of which should be carefully considered and such action taken for the interests of our city as your judgment and the condition of the treasury will justify.

Fortunately Keene has not felt the business depression of the last few months to the extent many other cities have. Yet we have in our midst many who are unable to obtain employment sufficient to properly care for themselves and their families, and the applications for assistance from the city are daily on the increase. I feel that every application of this kind should receive the kindest consideration, and prompt assistance should be given that it may be truthfully said that no one in our city is knowingly allowed to suffer from the lack of any of the necessities of life.

Gentlemen, I do not consider it necessary for me at this time to further call your attention to the business that will come before you in the different departments, and I now ask you to proceed to the election of the necessary city officers.

ORDINANCES AND JOINT RESOLUTIONS

Passed by the City Councils in 1914.

CITY OF KEENE.

In the year of our Lord, one thousand nine hundred and fourteen.

Keene, N. H., Dec. 17, 1914.

To the City Councils:

The undersigned desires to give to the City of Keene, in trust, however, the sum of two hundred dollars, the income to be used in the care of Lot No. 68, in Greenlawn cemetery. Said fund is to be known as the George L. Burdett cemetery fund.

Very truly yours,

ELLEN E. BURDETT.

A JOINT RESOLUTION relating to the George L. Burdett Cemetery fund.

Resolved by the City Councils of the city of Keene, as follows:

That the City of Keene, by its councils, hereby accepts the sum of two hundred dollars, to be known as the George L. Burdett Cemetery fund, the income only to be used in the care of Lot No. 68 in Greenlawn cemetery, and the city clerk is authorized to receipt for said fund, which shall be invested under the direction of the joint standing committee on finance.

Passed December 17, 1914.

A JOINT RESOLUTION relating to the purchase of furniture, etc., at the fire station.

Be it resolved by the city councils of the City of Keene, as follows:

That the sum of three hundred and fifty dollars is hereby appropriated from money in the treasury not otherwise appropriated, for the purchase from the various fire department companies of all the furniture, repeaters and all equipment belonging to the companies and located at the fire station.

Passed December 17, 1914.

CITY OF KEENE.

In the year of our Lord one thousand nine hundred and fifteen.

A JOINT RESOLUTION relating to regular meetings.

Resolved by the city councils of the city of Keene, as follows:

That the city councils meet on the first and third Thursdays of each month, at 7.30 o'clock, p. m., for general business.

Passed January 5, 1915.

A JOINT RESOLUTION relating to the Spencer Taxes.

Resolved by the city councils of the city of Keene, as follows:

Whereas the City of Keene is in possession of property on Dunbar street known as the Spencer property, the same being numbered 72, by virtue of a deed dated January 3, 1910, from Ainsworth M. Nims, Collector; and whereas there is now due said City for back taxes the sum of \$336.75, together with in-

terest; and whereas the city's title to said premises has been questioned.

Therefore be it resolved by the city councils for the city of Keene as follows:

That the Mayor be hereby authorized to execute and deliver on behalf of the city a quitclaim deed of said Spencer premises to Burton E. Haines for the sum of \$325.00.

Passed March 18, 1915.

A JOINT RESOLUTION relating to street sprinkling.

Resolved by the city councils of the city of Keene, as follows:

That the joint standing committee on streets be and it is hereby authorized and instructed to cause to be watered or otherwise treated for the prevention of dust, during the current year, such public streets and places as they, in their discretion, may deem judicious.

That the superintendent of street be and he hereby is instructed to furnish said committee with three pairs of the city's horses and drivers therefor, for the purpose aforesaid; but said horses shall always be at the absolute disposal of the proper authorities whenever required for the use of the fire department.

That the board of mayor and aldermen be and hereby is authorized and instructed to assess upon each estate abutting upon the streets and places so watered or treated in 1914 the sum of two dollars to cover the cost of such watering or otherwise treating, and to certify the amount of such assessments upon each estate so assessed to the collector of taxes, who shall include the same in the next tax bill issued for the annual tax on each of said estates, unless the same shall have been previously paid.

That such assessments shall be paid to the collector of taxes, and shall be due and payable on June first, next.

That the streets so designated, and no others, shall be watered or so treated, during the present year; provided, however, that said committee may cause to be watered, or otherwise treated for the prevention of dust, other streets, or parts of streets, in its discretion, whenever two-thirds of the abutters upon any given street or part of a street, shall so request in writing.

That in case the street watering service be extended as aforesaid the committee aforesaid shall at once report the same to the board of mayor and aldermen, who shall proceed to assess the estates of all abutters upon such streets, or parts

of streets, as hereinbefore provided, and certify the same to the collector of taxes, who shall collect the same in accordance with the provisions of this resolution hereinbefore contained.

HERBERT E. FAY,

Passed April 15, 1915.

Mayor.

Boston, Mass., April 8, 1915.

To the Board of Mayor and Aldermen and the Common Council
of the City of Keene:

Gentlemen:—

We are making arrangements for the establishing of our manufacturing business in Keene and ask if you will grant us exemption from taxes for ten years on our machinery, stock in trade, and capital to be used in carrying on the business in Keene.

We expect to employ about 75 well paid hands, as we are now doing in our present location in Boston. It is our expectation to increase this number after we are established in our new location.

Should you grant our request we hope to be located in Keene in September, 1915, or shortly afterward. Our intention is to give the preference to men with families, so that they may become identified with the city and prove of benefit to Keene.

Yours respectfully,

A. E. MARTELL COMPANY,

A. E. MARTELL,

President.

A JOINT RESOLUTION relating to exemption from taxation.

Resolved by the city councils of the city of Keene, as follows:

That, whereas the A. E. Martell Company has petitioned the city of Keene for an exemption from taxation on its capital stock, stock in trade, machinery and real estate to be used in its manufacturing business, that said capital stock, stock in trade, machinery and real estate be exempt from taxation for a period of ten years next ensuing.

Passed April 15, 1915.

To the City Councils of the City of Keene:

Respectfully represents the Keene Development Company that it is the owner of certain property on Baker and Marlboro

streets in said Keene known as the Heffron lot; that it has by a contract with the A. E. Martell Company agreed to erect and sell to said company a certain tract of land known as Block 4 on a plan of lots of said Heffron land made by H. B. O'Neil.

Wherefore your petitioner prays that said tract of land, No. 4, with said factory building which is to be erected, may be exempt from taxation for a period of ten years from this date.

Dated this 14th day of April, 1915.

Yours very truly,

KEENE DEVELOPMENT COMPANY,

GEO. H. EAMES,

Vice President.

A JOINT RESOLUTION relating to exemption from taxation.

Resolved by the city councils of the city of Keene, as follows:

That the land known as Block 4 on Congress street and the building to be erected there for manufacturing purposes by the Keene Development Company for the A. E. Martell Company, be exempt from taxation for a period of ten years next ensuing.

Passed April 15, 1915.

Passed October 21, 1915.

To the Board of Mayor and Aldermen of the City of Keene:

The undersigned respectfully represent that for the accommodation of the public, there is occasion for the grading and construction of a sidewalk on the southerly side of Monadnock street in said city, beginning at the easterly side of Adams street and continuing easterly to a point opposite the northerly end of the right of way leading to the houses of the Keene Home Builders in said Keene; and they therefore request you to cause the same to be established, and a suitable sidewalk constructed on the premises above described, agreeably to Chapter 79 of the Public Statutes of New Hampshire.

KEENE HOME BUILDERS INC.,

By PHILIP H. FAULKNER,

Treasurer.

To the Board of Mayor and Aldermen of the City of Keene:

The undersigned respectfully represent that for the accommodation of the public, there is occasion for the grading and construction of a sidewalk on the easterly side of Monadnock Court in said city, beginning at the southerly side of Monadnock street and continuing southerly to a point opposite the two southerly houses of the Keene Home Builders in said

Keene; and they therefore request you to cause the same to be established, and a suitable sidewalk constructed on the premises above described, agreeably to Chapter 79 of the Public Statutes of New Hampshire.

KEENE HOME BUILDERS INC.,

By PHILIP H. FAULKNER,
Treasurer.

To the City Councils of the City of Keene:

The undersigned hereby offer to dedicate to the city a right of way across its land beginning at a point on the southerly side of Monadnock street and extending southerly to the south boundary of the land of the petitioners; that said right of way is more definitely and exactly shown on a map hereto annexed; that your petitioners have heretofore given by deed to the city of Keene a right of way across said tract for water and sewer purposes.

Wherefore your petitioners pray that the city will accept said right of way as a highway by dedication.

KEENE HOME BUILDERS,

By PHILIP H. FAULKNER,
Treasurer.

HISTORICAL SKETCH OF THE KEENE WATER WORKS.

The Keene Water Works were established and have been extended from time to time by authority of a charter from the legislature of New Hampshire, granted July 3, 1861, and amendments thereto dated June 24, 1868.

August 13, 1868, the town voted to introduce water from Goose pond into the compact part of the town, and authorized a committee to carry said vote into effect.

This committee, being unable to make satisfactory arrangement with the owners of lands and water rights for the reservoir, proceeded to procure the same by petition to the commissioners of Cheshire county, who laid out and set apart certain lands and privileges as shown by the record in their office book of highways; a report of which was also left with the town clerk of Keene, Sept. 29, 1868, defining the boundaries, etc. A highway was also laid out from the Surry (east) road to said lands by the selectmen of the town.

The committee proceeded to build dams and put the land in suitable condition for making a reservoir of increased capacity, on the site of the original Goose pond which is now officially known as Sylvan lake.

Phineas Ball, C. E., of Worcester, Mass., was employed as the consulting engineer in planning and constructing the works. The necessary surveys, etc., were made by George W. Sturtevant.

The first contract for putting in water mains, etc., was made with the Patent Water and Gas Pipe Co. of New Jersey, Sept. 3, 1868, who made immediate commencement of the work,

which was completed and the water let in, in November, 1869. The works as then reported had about eight miles of main pipe and branches, with forty-eight fire hydrants, and cost about \$82,000. It was then estimated that \$18,000 would complete the works.

The lands and water rights belonging to this reservoir as set off by the county commissioners, September, 1868, contained 73 acres and 155 rods.

The commissioners also set off the right of passing the waste water from the pond at any point between the present outlet and the first mentioned monument in the described boundaries on land of Charles Wright; and the right to lay and maintain pipes, and of a passage, six rods in width, over and upon land of said Wright.

All fences which may be required for the protection of the land and water within said limits, to be erected and forever maintained by the town of Keene; also the right of passage, subject to the maintenance of gates or bars, by said town of Keene at the road end of said line.

Sylvan lake when at full pond is about 155 feet higher than Central square, and about three (3) miles distance therefrom, and covers an area of fifty-one (51) acres; the water shed tributary thereto is estimated to be more than 1,500 acres.

The main dam is of earth with a centre wall or core of stone and cement eighteen (18) inches thick to about the height intended for the water in the pond. A small earth dam was also built on the southeasterly side of the pond.

Both dams were built by J. F. Nourse.

BEECH HILL RESERVOIR.

In 1872 it was considered best to construct an auxiliary reservoir; for this purpose a site was selected in a ravine on Beech Hill, where a reservoir of seven and a quarter acres area and about 15,000,000 gallons capacity - was established; about 110 feet above Central square, or 45 feet lower than Sylvan lake. This dam is earth with a stone core.

THE ROXBURY SUPPLY.

In 1886 a committee was appointed by the city councils to investigate the several feasible sources for an additional water supply.

The committee finally decided on what is known as the Roxbury supply; Woodward pond (now officially known as Echo lake) and land adjacent was purchased, which has been added to from time to time, until at present (1915) the city owns over 1,411 acres of land in Roxbury and Nelson.

Echo lake, the source of the supply, is in the towns of Roxbury and Nelson, about seven (7) miles from Keene, and covers an area of 140 acres, and is 837 feet higher than Central Square..

The intercepting dam on Roaring brook is about three (3) miles from the lake and is 527 feet higher than Central square. The right to lay and maintain a pipe line from said dam to a point on the west side of Beech hill was obtained, where a distributing reservoir was built at the height of Sylvan lake, and pipe laid to connect with the city system.

Owing to the poor material with which the reservoir was constructed, it was thought best in 1907 to condemn it and a pipe was laid round the north side, connecting the supply main direct with the city system.

1890.

The first meters were installed.

1891.

All cement lined pipes were replaced with cast iron pipes except that part of Court street from Cross street to the lake, 511 feet in West street, 422 feet in Water street and 400 feet in Roxbury street.

In 1893 and 1894 the cast iron pipe was extended to North of the Richardson Ravine.

325 feet of cast iron pipe, replacing cement lined pipe was laid in 1912.

All cement lined pipe in Water street has been replaced with cast iron.

There remains in service at the present time (1915) 7,047 feet in Court street, 400 feet in Roxbury street and 186 feet in West street.

1900.

A pumping plant was installed at the Richardson Ravine and 500,000 gallons of water per day was pumped from the Ashuelot river into the system from January 18 to February 5.

ADDITIONAL ROXBURY SUPPLY.

In 1902, in response to a large petition asking for an increased supply of Roxbury water, the councils appointed a committee consisting of the joint standing committee on water works and the water commissioners to report some practical scheme.

This committee reported that an intercepting dam be built on Roaring brook at a quarter of a mile east of the B. & M. R. R. and about two miles below the dam built in 1886. Their recommendations were accepted and the work ordered.

A dam 137 feet long and 19 feet high, built entirely of stone and concrete with a stone gate house, was constructed by the General Construction Co. of New York city. This dam is 257 feet above Main street and 98 feet higher than Sylvan lake.

The department constructed the pipe line which was laid via South Keene.

1908.

The Board of Water, Sewer and Drain Commissioners was abolished by vote of the city councils.

At a meeting of the city councils held June 2, 1910, it was voted:

To rebuild the dam at Echo lake, and \$6,000.00 was appropriated for that purpose.

Plans were made and the work begun July 27th.

It was at first planned to re-locate the highway about two hundred feet south of the dam, but owing to opposition on the part of some of the citizens of Roxbury to this location, the dam

was moved eight feet north and the highway constructed over the original layout of the highway.

Test pits had been dug along the line of the proposed dam and estimates made accordingly, but as the work progressed it was found that the ledge sloped toward the north, making it necessary to go deeper with the core than was at first estimated.

The dam is of earth with a concrete core; the core is five feet wide at the base and twenty-two inches at the top. It is from four feet to eighteen feet high and contains about 600 cubic yards of concrete and 3,500 yards of earth filling. The upper slope is paved with field stone. The spillway is at the east end. The dam is 476 feet long and 16 feet wide at the top, and when full is thirteen feet and six inches deep at the intake. It is estimated that it will cover about 150 acres and will hold 530,000,000 gallons of water.

A twenty-inch pipe is laid through the dam and under the road. The water is controlled by two gates, one in a well near the centre and one at the water side of the dam.

The dam was built by the water department and finished October 19, 1910.

1914.

March 1 the city councils voted to adopt the meter system and ordered all services metered.

July 10 a contract was made with the Union Meter Co. of Worcester, Mass., and the work of installing them commenced.

With a few exceptions all services are now metered.

All but a few of the services are metered. The meters are giving good service and are generally satisfactory to the consumers.

A marked decrease in the consumption of water is noted. One year ago there was only a few inches of water at Echo lake and only seven feet at Sylvan lake; today both lakes are nearly full.

The pressure at the office stands at 65 to 70 pounds.

I respectfully recommend:

That the 12-inch pipe be extended in Marlboro street at least to Baker street.

That Beaver brook be put in proper condition from Beaver street to the river.

That a suitable drain be laid from the corner of Church and Carpenter streets to Beaver brook.

Respectfully submitted,

PAUL F. BABIDGE,
Superintendent.

City Clerk.	
Keene, Dec. 1, 1915.	

REPORT OF CITY MESSENGER.

To His Honor the Mayor and the City Councils:

Rent for city hall to the amount of \$1,161.90 was received, and I have deposited the same with the city treasurer for the year ending Nov. 30, 1915.

Bookings for city hall by travelling companies are limited, as the public seems to prefer moving pictures for a dime or a nickel.

Local productions are well patronized at all times, and the request of our own people for repairs of scenery should receive consideration.

Respectfully submitted,

ALBERT W. GREEN,
City Messenger.

Keene, Dec. 7, 1915.

The excessive rains and high water in July washed some of the roads quite badly, especially the Chesterfield road. The expense repairing washouts all over town was approximately \$1,500.00, besides lots of extra work done by patrolmen. Also considerable damage done to some of the bridge abutments, but fortunately it happened where cement bridges were soon to be rebuilt.

SOUTH SIDE STATE ROAD.

Marlboro street being a part of the South Side state road to be built by the state and city jointly, the city agreed to furnish all tools and build the road at cost.

A gravel road was decided as best adapted and cheapest to maintain.

The road as heretofore being very narrow to accommodate the Electric Railway track and traffic from Eastern avenue, to Heaton's place, widening of the road was recommended. After considering various plans and a view of the place by State Engineer Everett, Division Engineer Brooks, the mayor and committee on streets, it was decided to widen the road to the west by moving the bank wall and track and put in a less dangerous crossing. The land taken was owned partly by the Keene Electric Railway Co. and D. R. & F. A. Cole, who were willing to give it for the purpose. The estimated expense of the widening was \$2,500.00 which did not include the cost of moving the track and the new crossing, which was \$858.10.

Cement retaining walls were built in front of Daniel R. Cole's and Heaton place, which were paid for out of the appropriation. Also in front of Frank A. Cole's, the cost of which, was largely paid by him.

All embankments, culverts and outside retaining walls were thoroughly railed, railing and posts being given two coats of paint.

BRIDGES.

In compliance with the plan of last year's city government for building permanent bridges, an appropriation of \$10,000.00 was made for building same and buying necessary tools.

Cost of building fifteen steel and concrete bridges and the purchase of a cement mixer and tools was approximately \$7,765.13.

A list and map by Engineer Wadsworth, showing by number the location and condition of all the bridges in town, is to be found elsewhere in this city report. And from that list it appears there are still thirty-one made wholly of wood, and in pursuance of the present policy, it is recommended that sixteen be rebuilt the coming season, estimated cost being \$7,000.00.

With a hundred miles of road and streets, it would be an easy matter to recommend several places where permanent improvement would be an advantage.

Perhaps some of the most important of these would be the resurfacing of Park avenue, where the first thing to provide for would be a suitable drainage system to take care of the surface water.

Other streets that need to be considered are Main, High, South Lincoln, Franklin and Baker streets.

I would especially call attention to the lack of drains on West street in the vicinity of Pearl street.

The main road to Westmoreland, known as the Summit road, over which there is considerable travel in the summer, has a very dangerous curve where the highway goes under the railroad, which might be improved by carrying the road to the east, making a longer curve as you approach the underpass; also improving the grade, so that traffic in opposite directions would have a less obstructed view of the highway.

When the new bridge on Concord road over Ferry brook is built, great improvement of the line and grade of the highway can be made by carrying it farther to the south.

Respectfully submitted,

ARTHUR A. WALLACE,
Superintendent.

REPORT OF PARK COMMISSIONER.

To His Honor the Mayor and Gentlemen of the City Councils:

Nothing worthy of particular note has occurred in this department during the past year with the exception of the addition made to the pavilion in Wheelock park.

Owing to the increased number of visitors to the park, the building erected by Mr. Wheelock has proved insufficient for the purpose for which it was designed and used, and it was thought wise to use the appropriation for the purpose of enlargement.

Judging from expressions of approval from those who have enjoyed the addition, the outlay seems to have been a judicious one.

For items of income and disbursement, see financial report.

J. S. TAFT,
Park Commissioner.

December 9, 1915.

REPORT OF BOARD OF HEALTH.

To His Honor the Mayor and Gentlemen of the City Councils:

We hereby submit the report for the board of health for the year ending Dec. 1, 1915.

There has been reported during the year the following number of communicative diseases:

Tuberculosis, 1; anteriorpolyomyelitis, 1; measles, 2; typhoid fever, 4; diphtheria, 16; whooping cough, 24; scarlet fever, 55.

From the above number of cases there has been one death from anteriorpolyomyelitis, one from typhoid fever and one from tuberculosis.

The small number of cases of measles and whooping cough reported to the board show that physicians and parents and guardians do not seem to realize that the law requires the report of every such case to this board.

The 55 cases of scarlet fever have required the quarantining of a large number of families comprising several persons each and the assistance furnished to such number, including as it must milk, meat, groceries and wood, reaches such proportions this year that it becomes a strong argument in favor of the establishment of a contagious ward or building to which single cases could be removed and properly treated without supporting whole families.

There have been received, investigated and disposed of some 40 different complaints of various kinds.

A number of sewer connections have been ordered and same complied with. An extra large amount of fumigating has been necessary on account of the number of cases, the taking

out of heads of families that they might keep at work, the disinfection of school houses and the treatment of clothing and laundry.

This board is of the opinion that the city government should perfect a new set of health ordinances, constitute an advising board of health, to serve without pay, which board should elect a health officer who should devote his whole time to the work and have full charge of all matters pertaining to the public health and the prevention of disease.

The city should also establish a municipal collection of garbage and build an incinerator for the disposal of all garbage and waste. The day of a city dump has passed and one cannot be maintained in any section of the city without becoming a nuisance to all parties residing anywhere near it. We endorse the results of the annual clean-up week and hope to see it carried out the coming season.

We have received from the sale of aluminum tags the sum of \$8.70 and deposited same with the city treasurer.

We strongly urge the incoming city government of 1916, to carefully consider the above named recommendations, i. e., a contagious ward, a health officer, public garbage collection and an incinerator plant for the disposal of waste.

The usual inspection of cattle and dairies and barns and of all places where food supplies are handled has been made by the inspector and duly reported to this board.

Licenses for the sale of milk have been issued to all applicants properly certified by the inspector.

A. A. PRATTE, M. D.,
R. W. HOLMES, M. D.,

REPORT OF TRUSTEES OF KEENE PUBLIC LIBRARY.

To the Honorable Mayor and Board of Aldermen:

The trustees of the Keene Public Library present the following report:

Early in the year the board of trustees lost, by the death of Mr. Frederick H. Kingsbury, one of its permanent members appointed under the will of the late Edward C. Thayer. Mr. Kingsbury was one of the most esteemed and valuable members of the board and had held the position of treasurer since the board had received the Julia B. Thayer gift of \$10,000. Mr. Robert T. Kingsbury was elected by the permanent board to take his father's place and, at a meeting of the full board in May, was elected treasurer.

Realizing that a typewriter would greatly facilitate the work of the librarian the trustees used some of the income of the Julia B. Thayer fund to purchase a typewriter and desk.

Suitable steel shelves for the valuable files of the New Hampshire Sentinel have also been purchased and placed in the fire-proof stack room.

So many students use the reference room after school hours and through the evening and the arrangement of lights being inadequate, new lights have been ordered for the reference room and the card catalogue case.

The daily opening of the library from 10 a. m. to 9 p. m. has been continued through the year. The reading rooms were closed on Sundays during the summer months, but were reopened in October.

About 200 photographs from the collection of the late Rev. Edward A. Renouf have been given to the library by his granddaughter, Mrs. George Foote, and have already been in circulation for use in study of architecture and foreign countries. Miss Saxton, the librarian, has at different times arranged exhibits of these photographs in the magazine room. Several gifts of books have also been received.

The Vacation Reading club was again an interesting feature of the librarian's work with the young people during the summer. The story-telling hours in connection with the playground work has been a counter attraction, but about 30 were interested and those successful in finishing the course gathered at Library hall and were entertained with stories and victrola music by Miss Saxton, assisted by Mrs. Burrage of the Normal school. Several trustees were present and Miss Dinsmoor spoke to the children upon the use and proper care of the national flag. Attractive certificates, designed and executed by Mr. Edgar B. Leet, were presented to the children.

A Juvenile book week has also been observed and Miss Saxton has arranged on special shelves a large number of books especially for boys. The trustees are especially pleased with the librarian's work with the young people for the guidance of the youthful mind to good reading is an important feature of the library work.

It is gratifying to report a notable increase in the circulation and in the use of the library. This is largely owing to the efforts of the librarian and her assistants, Miss Sherman and Miss McGregor, who are constantly devising means to interest the public and put them in closer touch with the books and the advantages of so large and well equipped a library. We are happy to say this is observed and commented upon by visitors in Keene, greatly to the credit of the library force.

This fall the trustees were greatly disturbed by a movement in the city government to divert to other purposes the balance of the Symonds fund, left after the stack room had been completed, the income of which had been appropriated towards

payment of the necessarily increased expenses. At a special meeting of the trustees to consider this proposition, Mr. Philip H. Faulkner, vice president of the board, was elected to appear before your honorable board and protest.

The librarian's report hereby appended will give a very detailed account of the work of the library during the past year.

MARY A. A. PRENTISS,
Secretary.

Keene, December 6, 1915.

REPORT OF LIBRARIAN.

To the Trustees of the Keene Public Library:

Your librarian submits the following report covering the year just closed.

The most important fact of the work is the rapid increase in the circulation. The gain for the year is 7388, 17 per cent, a much greater increase than the growth of the population in the same time, and a condition which shows the appreciation of the public for the library privileges. Larger demands mean more personal service, greater wear and tear on the books and a consequent increase upon the library's resources which will need to be considered soon. The circulation for the years 1911-15 and for the current year according to the library classification is as follows:

Total circulation, 1911, 34,378; 1912, 35,256; 1913, 40,254; 1914, 42,347; 1915, 49,735.

The number of pictures circulated,	204

There have been 730 accessions of which 180 were gifts, including 36 government publications. 182 books have been rebound, (88 of them periodicals); 3,315 volumes repaired at the library; 75 worn out and discarded; 1,100 reserve postal cards have been purchased by the library patrons for securing new or especially desired books; the number of registered borrowers for the year, 626; new borrowers, juvenile, 177; adult, 389; re-registered, 60.

The work with and for the schools has progressed along practically the same lines as for the past few years; namely, the placing of specially marked copies of books required by the High school for home reading on shelves from which the students may make their own selections. Books are also reserved for the use of the history classes in the reference room. The school collection begun last year is proving very useful to the teachers of the graded school. 858 books have been loaned to them and circulated from the schools for home use.

Last year the library bought an edition in preparation of the New International Encyclopaedia and the volumes are being received as issued. Three volumes of Murray's New English Dictionary have also been purchased to continue the set begun as a gift in memory of George Silsbee Hale. Gifts of magazine subscriptions, books, pamphlets and pictures, have been received during the year from associations, authors and present and former residents of Keene, whose interest is appreciated.

From the Thayer and Chapin fund, 23 books and 60 magazine subscriptions have been added; from the Maria Wakefield

Osborne fund, 1 magazine subscription; from the Mary R. Hall fund, 8 books, and from the Ingersoll Library fund, 13 books.

The librarian attended the annual meeting of the New Hampshire State Library association at Manchester, N. H.; also a joint meeting of all the Massachusetts library clubs at Northfield, Mass.

For the coming year, I would recommend the issue by the library of a quarterly bulletin of new books as the most effective means of further bringing to the citizens a knowledge of the resources of the library.

REPORT OF SUPERINTENDENT OF CEMETERIES.

To His Honor the Mayor and Gentlemen of the City Councils:

I respectfully submit herewith my report for the year ending Nov. 30, 1915.

The season just past has been an unusually trying one on account of frequent and heavy rains, making much extra work in repairing washouts on avenues and paths, as well as causing many depressions on lots that called for extra work.

The laying out and grading of a very desirable plot of lots in the N. E. Div. of Woodland, made necessary the removal of several trees, stumps and boulders that called for careful work that was well accomplished. To make this section more accessible a new entrance has been provided on North Lincoln street at which a suitable gate has been hung.

There have been during the year one hundred and twenty-four burials and four removals. Twenty-four burial lots have been sold, eight of which were for single graves.

The interest of individuals in the care and good appearance of their lots shows a gratifying increase year by year.

My receipts for the year are as follows:

Dec. 1914. Sexton work, \$20.00; labor,	
\$10.00; loam, \$8.75; fertilizer, \$1.75;	
grass seed, \$0.75; care of lots,	
\$287.50; collected on lots sold,	
\$50.00.	\$378 75

Jan. 1915. Sexton work, \$52.00; care of lots, \$97.00; collected on lots sold, \$70.00.	219 00
Feb. Sexton work, \$56.00; care of lots, \$24.00.	80 00
March. Sexton work, \$46.00; fertilizer, \$0.75; care of lots, \$22.00; collected on lots sold, \$60.00.	128 75
April. Sexton work, \$44.00; labor, \$5.00; loam, \$1.50; fertilizer, \$0.75; grass seed, \$0.50; care of lots, \$35.00; collected on lots sold, \$70.00.	156 75
May. Sexton work, \$65.50; labor, \$6.50; care of lots, \$67.00; collected on lots sold, \$180.00.	319 00
June. Sexton work, \$27.00; loam, \$1.00; labor, \$2.25; fertilizer, \$0.75; grass seed, \$0.25; foundation, \$5.00; care of lots, \$16.00; collected on lots sold, \$80.00.	132 25
July. Sexton work, \$43.00; labor, \$5.00; care of lots, \$6.00; collected on lots sold, \$70.00.	124 00
Aug. Sexton work, \$27.00; labor, \$13.75; loam, \$6.25; care of lots, \$7.00; collected on lots sold, \$53.50; pine logs, \$42.30.	149 80
Sept. Sexton work, \$49.50; labor, \$32.75; loam, \$13.50; fertilizer, \$5.75; grass seed, \$5.50; care of lots, \$6.00; collected on lots sold, \$40.00.	153 00
Oct. Sexton work, \$74.50; labor, \$14.00; loam, \$3.75; fertilizer, \$1.50; grass seed, \$1.25; care of lots, \$12.00; collected on lots sold, \$15.00; use of lowering device, \$1.50.	123 50

Nov. Sexton work, \$35.00; labor, \$12.75;
loam, \$21.50; fertilizer, \$1.00; grass
seed, \$0.75; care of lots, \$16.00; col-
lected on lots sold, \$90.00. 177 00

Total for the year, \$2,141 80

I have deposited this amount with the city treasurer and
hold his receipts for the same.

A. A. PRATTE,
CHARLES A. MADDEN,
Board of Examiners.

REPORT OF CHIEF ENGINEER OF FIRE DEPARTMENT AND SUPERINTENDENT OF FIRE ALARM TELEGRAPH.

To His Honor the Mayor and Gentlemen of the City Councils:

As required by the city ordinance governing the fire department, I have the honor to submit my tenth annual report for the fiscal year ending November 30, 1915.

You will note from the following statement of fires and losses that the department has responded to 14 bell alarms and 96 still alarms, including brush fire calls. We have also responded to 1 call at Surry and 1 at Swanzey. This is an increase of 11 still alarms over the calls of 1914.

The estimated value of buildings damaged by fire	
was	\$84,200 00
Damage to buildings was	4,616 53
Insurance on said buildings,	52,900 00
Insurance paid was	4,310 53
The value of contents of said buildings was	18,600 00
Damage to said contents,	2,722 60
Insurance upon said property was	20,400 00
Insurance paid,	2,681 80

The losses on buildings and contents in excess of the insurance paid was \$346.80, which is 32-10 cents per capita, according to census of 1910, as compared with 65 cents for the previous year. This is the smallest loss per capita for several years.

New equipment added to the department during the year consists of 2,000 feet of 2½ inch rubber lined fire hose. The remodelling of the fire station necessitated by the fire of May 29th, 1915, has been completed, providing seven good sleeping rooms and two large halls. The fire alarm equipment has been transferred to the new fire proof building adjoining the fire station.

Apparatus and force: The apparatus and force of the department under a chief and three assistant engineers, located on Vernon street, is as follows: The Keene Steam Fire Engine and Hose Company, J. H. Simpson, captain, 25 men, has Steamer No. 1, Button Steamer No. 2, one combination chemical and hose wagon, one relief hose wagon; Washington Hook and Ladder Company, G. C. Symonds, captain, 20 men, has one service truck and one relief truck; Deluge Hose Company, E. H. Applin, captain, 20 men, has one combination chemical and-hose wagon.

There is now on hand about 6,000 feet of No. 1 hose, and 2,300 feet of No. 2 hose, which is old and unreliable, 300 feet of chemical hose, 1,500 feet of linen hose at South Keene, six 6-gallon and four 3-gallon extinguishers, one cellar pipe, one 3-way Eastman Deluge set, uniforms, rubber coats, hats and boots for the department, four sets swing harnesses, two extra Barry collars, two sleds and three sets Hobb's runners.

There was 650 feet hose unfit for fire service which was turned over to the water works department.

Recommendations: The board of engineers after a thorough and painstaking investigation in regard to the proper type of motor fire apparatus is of the unanimous opinion that a triple combination motor truck will best meet the present needs of the city as a whole. Such a truck would be a valuable protection to the many outlying buildings where water is available, as well as effecting a material reduction in the present rates of insurance. In recommending this type of fire truck I wish to call your attention to the fact that the Amoskeag steam fire engine has been in active service for thirty-two years

and we do not consider it any too reliable for hard usage. The board also recommends that the city purchase 1,000 feet of fire hose; a hose testing apparatus, and a fire net; that the city pass an ordinance establishing building laws to reduce the fire hazard and furnish definite information by which the inspector would be governed.

The fire alarm telegraph system in care of Mr. E. B. Riley, the fire alarm electrician, continues to give excellent satisfaction. I would recommend that there be four new fire alarm boxes installed, one at Edgewood, one at George street, one at Upper Elm street and one on Congress street near the Martell factory.

I would further report that harmony and good will prevail among officers and men of the several companies and the members of the board of engineers with whom I am associated. I also wish to extend my appreciation of the valuable aid rendered us by the committee on fire department, superintendent of streets, superintendent of water works, and the citizens during the past year, and to them and the city clerk and city councils I extend my thanks.

LOUIS A. NIMS,

Chief Engineer and Superintendent of Fire Alarm Telegraph.
Keene, December 6, 1915.

The following signals were adopted by the board of engineers, January, 1907, and are as follows:

1. The superintendent has the right to strike one blow upon the bells at any time, to test the circuit; also to ring in one round from any box, preceded by a single blow, exactly five minutes after the noon stroke, on Saturdays, for the purpose of testing the boxes.

2. In case of a serious fire the engineers may cause a second alarm to be sounded from the nearest box. A second alarm is given by striking ten blows, followed by the box number.

3. As Box 9, which is located on city hall, is still likely to be used for general alarm, and to be pulled for a fire which is not in or near the Square, the engineers will ring in a second alarm or four full rounds from this box, if there is fire of any magnitude near the square.

4. The old alarm on city hall will only be rung between 9 p. m. and 6 a. m., except in case of serious fire.

5. Arrangements have been made with the Beaver Mills Company and alarms of fire will be given on their whistle the same as by the bells.

REPORT OF THE KEENE CITY PLAYGROUND COMMITTEE.

The playground committee decided to open two grounds for the summer of 1915. The Howard Street Playground, used last year for a demonstration, was rerented this year and the High School Playground was used through the kindness of the board of education of the Union School District.

Mr. and Mrs. Nies, directors at the Howard Street Playground last year, were secured to direct the same grounds this year. Miss Gertrude McCushing directed the work at the High School Playground. The playground season extended through the months of July and August.

The Howard Street Playground was equipped with swings, teeters, giant swing, horizontal ladders, sand box, quoits, croquet, a base-ball diamond, a basket ball court and a volley ball court. The High School Playground had for equipment, swings, teeters, sand box, baseball diamond, basket ball court and volley ball court.

At the Howard Street Playground 550 different children used the grounds at sometime during the summer. The average daily attendance was 265 and the total attendance for the season was 11,395.

There were many and varied activities at the Howard Street Playground. These included two base ball leagues, the Howard Street Playground League and the Midget League, with four teams in each league. The girls were organized into a volley ball league of three teams.

The Keene Sunset League had the use of the baseball diamond and seven teams, with a total of one hundred and five signed players, were represented in this league. Forty-eight

games were played and the average attendance per game was two hundred.

The Playground and Recreation Association boys' and girls' athletic badge test were given. Sixty-eight boys took the tests and forty-four girls competed.

The industrial work consisted of raffia work for the girls and kite making for the boys. August 26th witnessed the kite flying contest among the boys.

Every Wednesday afternoon the children visited the "Wade Across" at the Ashuelot and many learned to swim. The average attendance at the "Wade Across" was sixty and the total attendance was four hundred and fifty-five.

The daily story-telling period was conducted every morning and in addition, eight feature story-telling hours were scheduled. The average attendance was 85 and the total was 840. The story tellers were Miss Mabel Hart, Miss Eleanor Prentiss, Miss Edith Leveroni, Miss Alice Lord, Miss Mary L. Saxton, Miss Ricca Cahn and Miss Rita Briggs.

A troop of Girl Scouts, the first in New Hampshire, was organized. Twenty-four girls enrolled and this organization, known as the Red Rose troop, will be continued during the winter.

Also the boys and girls were taught several folk dances.

Several special features were the children's circus, Stinging Bros. Show, the picnic at the Wilson Recreation grounds, for which Mr. Wyman provided a special car. Then through the kindness of Mr. Campbell, manager of the Majestic, the boys and girls enjoyed movies especially for them one morning. There were two week-end camps for the girls and one for the boys.

The Howard Street Playground closed the season August 28th with the play festival and athletic meet.

At the High School Playground seventy-five children were in attendance, both morning and afternoon.

The activities at the High School Playground included base ball for the boys in the morning; for the older girls, games.

dancing and story telling, and for the younger children, constructive work in the sand box. In the afternoon, dancing and games in mixed groups, boys and girls together, was in order. Special athletics were given and a graded course in dancing was arranged so all could take part.

The students attending the summer session at the Keene Normal School observed playground work at the High School Playground, and Miss McCushing gave a demonstration of play and dancing at the Normal school.

The season closed with an exhibit August 26th.

The appropriation by the city was \$500.00, which the committee exceeded by \$48.25, expending \$548.25.

The committee secured the deficit as follows:

Contribution from Women's Clubs,	\$25 00
Mrs. W. H. Goodnow,	7 75
Charles Gale Shedd,	7 75
F. J. Porter,	7 75

\$48 25

The committee wishes to thank all those who have contributed in any way to the success of the playground movement in Keene.

Your committee recommends that public opinion and the success of the playground work in Keene thus far demands that the playgrounds be continued another season; also that instead of two playgrounds north of the railroad track, two grounds be secured, one available to the children north of the track and the other available for the children south of the track. The committee also suggests that grounds be secured with a view to flooding them for skating during the winter months.

CHARLES GALE SHEDD,

ANNA P. GOODNOW,

F. J. PORTER,

Playground Committee.

REPORT OF CITY SOLICITOR.

To His Honor the Mayor and Gentlemen of the City Councils:

During the past year the usual criminal matters in the municipal police court have received attention.

The former owner of the James H. Spencer property, so-called, on Dunbar street, of which the city received possession last year under its tax deed, has made a satisfactory agreement to reimburse the city for back taxes and all expenses incurred, and the deed will be delivered as soon as the money is turned over to the city.

The petition of the Boston & Maine Railroad for abatement of the taxes assessed against the stock in trade of the railroad at the railroad shops has been again continued, pending the decision of the supreme court, which should be rendered next February in a similar case brought by the railroad against the city of Concord. The Concord case, when decided by the supreme court, will govern the Keene case.

The petitions of Charles A. Jones and Pike & Whipple against the city for abatement of taxes have been referred to a master for the finding of facts, to be reported back to the superior court.

A suit which will be tried in April next has been brought against the city by Mary Leslie, admx., for damages of \$7,000, for the death of a child by drowning in Beaver Brook, and for which liability on the part of the city is claimed.

Notices of the intention to bring suits against the city have

been filed in behalf of Lucinda Butters and others, claiming damages aggregating \$1,780, because of an accident in which an automobile truck went off the Chesterfield road into a brook.

Respectfully submitted,

WILLIAM H. WATSON,

City Solicitor.

Keene, December 7, 1915.
